

I had talked to him just
10 days before she was O.K.
but had colon cancer which
can move very rapidly.
I am so glad he was able
to come over last fall - we
had such a good time.

Well Peter must close
but take care & behave
yourself - there's no fun
in it but try. Love
Daph

Dear Peder, July 7

Just a note to say hope you are keeping well. Guess you are busy helping out on the farm whenever you can. Have you had a lot of rain? 26 wet days in June here. & so far only 3 days of sun in July. If the farmers here don't get some sun soon they are going to have trouble getting their crops off. Just came back from a week at Spirit River (nr. Grande Prairie) & they have had lots of sun. The

crops look very good.

See Howard every once in awhile when he comes down to church. Irene seems to keep quite well but he says Gunnar has a few good days and many not so good. He likes Drayton Valley but makes it down here about every 3 wks. &

Also see Alice Engman every once in awhile. She is still dancing up a storm. Don't know where she gets the energy.

My brother Jack passed away quite suddenly on May 21.
