Dear Pete;

Norman phoned Carl today and Carl is prepared to start painting on Monday. If he has a chance to catch a ride up on Sunday he will come then but we have choir practice Sun. afternoon so it is very possible he will take the train on Monday. He has his own brushes but wants you to have the paint ready.

We would like to go up there on Sunday but don't know how to get there. I guess Archie's car isn't working either.

When are you folks coming down here? We'll be looking for you soon.

Love,

Eunice
