

10 January 1978.

Dear Grandma - Happy New Year!

I selected this note to send you because of the girls on the front making butter - Aunt Dubbie mentionned that you were rekknowned for your prowess as a butter-maker. It is unfortunate I couldn't find one showing them making bread since you ~~are~~ famous for that as well!

I just wanted to thank you for giving Doug and me the plate showing Bethlehem Church. It adorns our dining room wall and whenever I look at it I'll think

of you and Eunice.

We arrived home to some very cold weather, but thank heavens it has warmed up now. Last night Doug and I went out cross-country skiing and it was absolutely beautiful, although it was so dark we kept bumping into trees and falling into holes!

I hope you are feeling better and thank you for coming to the party that Norman and Eunice held for us. It was lovely to see you there with all your family. I send our best wishes for a fine 1978 to you, Aunt Debbie and Walter. Thank you again for the plate and your kindness.

Much love  
Mary & Doug
