Magnus and Agnes-

~~I will send this note back~~

We have been very happy to have John with us the last three months, he has been ~~very~~ good help on the farm, and very pleasant to have in our home.

I will send this note with him and enclose a cheque for \$100.00 I don't know how much you have spent on telephone calls and other expenses, but I will send you ~~what ever you want. it is~~ more when needed.

~~Just let me know~~ I want to thank you for all that you have done, and hope to hear how ~~it is~~ ^{things are} progressing.

It will be nice to have that ~~estate~~ ^{estate} all of the ~~that~~ work with that estate completed.

I am feeling very good now, Mom is fine too. Are you still planning a trip to U.S.A. and Canada. remember you are so welcome to visit us.

Greetings from Mom + I Sweden.

Walter.

Magnus & Aslaug -

Thank you so much for letting John come here. He surely is a good and willing worker and has been able to do everything well. You could think he had always lived on a farm as he seemed right at home with truck, tractor and machinery. ^{and everything} He has also helped Toivo with haying, horses & cattle, and has been good at that too. Kid make a good farmer!

It has been a good help for me to have John here this year, and I will miss him very much. I only wish he could come again in the spring and take over my farm, but I understand he will have a year of military training, and then he plans to work with you, Magnus.

We are so happy he was able to be here and that so many of his relatives were able to meet him. He is so pleasant to have around, and has ~~made~~ ^{gained} many friends and a good reputation.

So thank you both again, and I hope John can come again - if not to ^{work on the} farm, at least for a long visit. Maybe he can bring Farog Mar next time.
