

Dear Uncle Arthur

I hope you have received my letter with the papers you asked for

London, West Hill, St. Margarets and I had a few days work to do in North Devon

London stopped her with more or less things that fine while we were gone. We arranged our visit with Aunt Olga, Aunt Jane & then

London, Aunt Olga has been very nice about that too, but she has it nice in the

home. And I think she likes it quite well there. We also visited Uncle John's family

and Arthur said she hopes to visit you on Monday next summer. She was

hoping she could have had the sister go with her, <sup>but</sup> they are both working also.

James hope they will be able to manage a trip together. She asked if I could

go at the same time, but I don't know if that will be possible.

Just give my regards to all the family and

London who is a very nice person. I had a copy of Peter's bill & the address to

the West Hill, as he was able to send it and explain each part to me. He felt

it was quite clear that of ~~the~~ <sup>the</sup> ~~work~~ <sup>work</sup> ~~it~~ <sup>it</sup> ~~was~~ <sup>was</sup> ~~possible~~ <sup>possible</sup> to expect the bill as it was

written, the house and let it would go to you.

I would have liked if the house could have been kept in the family and my hope was that Karen and Aelle Wilson could have lived there and kept the house and grounds in good condition. and that ~~there~~ <sup>it would</sup> ~~could be~~ <sup>a home</sup> for any relative from Canada + U.S.A. to stay there also. I hope things work for the best.

Time goes very fast, now it is almost Christmas again. I hope you and Aunt Jofie ~~have~~ enjoy the Christmas season. Greetings from Mason Judson and I.

Walter.
