

and Dr. Don + Mrs. Corbett - He was
 Mother's minister in Toronto & is
 the Principal Elect of Knox College
 So we were a horridful. I used
 that lovely lace cloth - & then
 decided to wash it ^{today} for the first
 time. It turned out beautifully
 but it better have - after me
 spending 2 hrs. ironing it!

Was it ever fun to hear you
 all on the phone. We were so
 excited that we didn't know
 what to say! Thank you so
 much. It really made our
 Anniversary "special"! The Adult
 Group had a corn roast on
 Friday & gave us a lovely card
 & lovely cake.

Bill Gooklegg from P.A. was a
 surprise guest in Church on
 Sunday. So he came over
 after church and we had a

good visit. He was in Toronto
at a Diabetes Conference.

Does Mrs. Perry still sell Fuller
Brush & Watkins. If so - would
you order 2 tins of Stain & Spray
from her for me. I sure would
like to get a bottle of Watkins
vanilla too. The movers wouldn't
move any Aerosols - & I am
lost without the Stain & Spray.
I'll bring them back when I
come.

I was delighted to finally
learn after much writing &
telephoning that I am eligible
for an Ontario Teaching certificate.
I have been called once for
Supply Work & couldn't go. Sure
hope they will call again.

We seem to be gradually
getting to know people. People
are warm & friendly and eager

that we feel at home - We
are invited out tomorrow nite
& Friday nite - and next week
the evenings are all filled!

Angus is busy organizing
Bible Studies. He is in it responsible
for leading them. They have
lots of capable leaders. But
they look to him for guidance &
choosing of materials. He has
an evening group lead by Murray
Burns a minister who is working on
his Doctorate - and he has
a young mother's group, and
a Senior Citizens group going.
People are coming up to him
& saying - "What can I do?"
So he has them cleaning
out the office & filing materials,
& organizing the library.
They are very crowded for space.

2.

The church has been full every Sunday ^{& people standing} - so they will have to go to 2 services and think about a Building Program.

We were into Toronto last week to see about Diploma courses for me ^{at York University} and then went to see a Financial Consultant (who Mother deals with). She was very good - even I could understand what she was saying. So we spent our cottage money on shares in Laidlaw, Bell Telephone & C.C. Argue is very relieved at having sold the cottage.

The children begin piano lessons tomorrow. It will cost \$92/mo. or \$11.50/lesson. I wonder if I have rocks in my head! I hope they get along and that

The children remain eager & enthusiastic at that price! Margaret is in Grade III French and they are pushing Peter ahead as well. They seem to be ahead in all their subjects. Peter's math, is what he had last year. We're wondering if they would have done better at the Dr. Immersion school. But it meant being teased & taking lunch, etc. They find it hard to make friends ^{at school} in Peter's class in P.A. - even such a pack of good pals - and he finds it hard when no one asks him to join in a game of soccer at recess & he is too shy to ask. My heart cries inside of me - but I can only pray that things will work out for him. He does have a good friend next door - but he goes to Dr. Immersion. Margaret is strong enough & it is easier to break into the social structure!! Enough for two times. God bless you all - Love Kim.
