

Dear Honored Couple —

on behalf of the Tasted Family, it's an honor and privilege indeed to extend on this special occasion our heartfelt congratulations and best wishes. We all join in wishing you continued prosperity — good health and happiness.

As no 1 boy in the Family you have always lived up to every expectation — even when it came to choosing a wife. You both have been a tremendous credit to the Family — and the community in which you live! You both have an enviable rapport with all your acquaintances and friends, as well as the Family.

Personally I feel every family should have a brother Pete and a sister in law
