My dear Cousins.

The legacy from morbror Gullbrand is finally distributed by the adjoined cheque. The small wood property Dynäs 4:15 has been sold to Graningeverkens Aktiebolag for 10.000 kronor. From that sum I have deducted 2.200 kronor for my job (enclosing earlier commission) and expences. I hope there will be no taxes as a consequence of this affair, but I am not quite sure. In that case you may perhaps hear from me again in this matter. If not I thank you for your confidence. To my swedish cousins, brother, sisters och niece I wish they will not be agitated by my english and the same wish I express with yet greater accent to my relatives over there.

Yours sincerely
