

Ruth & Pete moved from their farm near Looberburn  
and joined our neighbours

Our daughters started school together. Their  
first day at school the Dads took them.  
It was a wet day so the men weren't in  
the field.

After the mother had that job Ruth  
took, Ruth drove in the morning and Pat Dick  
lasted rode with us too. I would go in and  
bring them home after school, one day when  
Garth was small, Ruth & I were having a chat &  
first thing we heard was Garth crying. He  
had crawled under ~~the~~ my car & he was  
getting hot. Ruth & I were sure glad he started  
to cry. In the winter the Adam took us in the cutter

Dick & Guss used to be together a lot &  
walked north of Looberburn & were missing for  
a while.

Cherrydale School Sunday ~~the~~ school was  
started and Ruth helped organize it. She was  
also a member of the Cherrydale Methodist.

In those days were 1/2 mile apart &  
we all had close neighbours. Dr. Tom & Pete  
were the same age and we were married  
the same year
