

INSTRUCTIONS FOR POTATOES FOR LEFSA FOR FOLKFEST 1987- 1988

one batch = 10 lbs.

(You will probably be given 20 lbs. (two batches))

Peel and cook potatoes until well done (DO NOT UNDERCOOK). Drain.

RICE (do not mash) potatoes. and while hot stir in 1/2 lb. of melted crisco for 1 batch (10 lb.) potatoes immediately after ricing. Rice again or beat with mixer until smooth with no lumps.

Keep riced potatoes in a cool place overnight (basement floor) Do not refrigerate because texture becomes too hard. Leave fluffy in adequate container (airtight) with lid. Do NOT pack.

P.S. We are attempting to ensure uniformity in our lefsa making.

THANK YOU VERY MUCH FOR YOUR HELP.

The Lefsa Committee
