

mean? & what was Gulbrand Kassar
over? You must think I am very
stupid but I have had no opportunity
to learn Swedish in school so
some of those long words really
are quite a puzzle to me. There
are no Swedes around me neither my
Norwegians. so I cant ask anyone
here.

Spring has come again to the
prairies. This year though, our
winter had been very mild indeed
& our roads had very little snow
on them. Soon the men will
be in the fields again. We all
felt very good all the time & that
makes the winter more pleasant.
I must close now as I have more
letters to write. Greet Aunt Klara
from us.

Sincerely

Ruth Sæstad

P.S. If this family tree isn't complete
enough let me know. I'll try & get more
birthdays of children etc.
