

May 20 1875

Dear Nellie,

Congratulations on your  
7th birthday. I guess you celebrate  
it with lots of presents. I wish  
I could be with you.

Thanks a lot for your last  
letter. I am very glad about your  
mother's death. Why should some people

die so young. When they are needed in  
the family? Please send my regards  
to father and the children. I will write

to them, but I ~~cannot~~ get  
a little time left over for writing  
letters. Do my own lot of house  
work to do and the children take

in a way now fine now. Helping  
with homework, joining them to different  
activities like soccer and so on. I am  
also active in some societies. That the

is almost on business quite often. Just  
now he is in Zurich for three weeks.  
Then he comes home and in June  
he goes to Germany in vacation

After for another three weeks.  
I expect he will work in

Germany a month. He is very a

little for me, but I am 17 in 1875

and for him of course very interesting.  
I am glad to hear that you  
feel better after the operation. Do you  
feel any better? Do you have to cut  
lots of medicine? Please write and  
tell me how you feel.

Johnny is slowly coming. Yesterday  
he was in bed and I went out to  
him. He is open up the cottage. There  
were lots of Blackpaper (flowers) in  
the forest.

Just looking from that the  
same eye operation in that eye.  
But on the other eye. He got a new  
with first time and now he can see  
with both eyes again. Thanks!!

Once again, have a nice birthday  
and please say hello to Peter and  
all the others. Love Sam!!
