Dear Folks,

Well it's getting to be about that time of the year when we, the members of the P. a. Tutted family, must get in touch once again. There is no special occasion, like; Christmas or Easter, which prompts this friendly greeting, but; maybe my folks anniversary warrants such an action! I would like to take this time to wish ~~you~~ you pleasant day and many days of happiness together, thereafter.

Now to tell you little bit of how I am getting along. — Ever since Christmas I have missed the spreads we devoured over the holidays, and as usual I have had technical difficulties with my school work. It is my sincere hope that they are temporary and things start to pick up. I sometimes think my sister's promise to buy me a suit for grad, is quite safe, as the terms of the promise, seem to me (now) quite strict. Well I know that school work is very important but, it has been drawn to my realization that it definitely isn't everything in ones life.

I think the rest of my family realize this and I would like to thank them ever so much for this understanding they give.

We - the quartet, and a few others are very much looking forward to our tour this week-end of the 2<sup>nd</sup>. It takes place at, or around the vicinity of Hugen. Saturday evening we are planning to put on a social and Sunday we plan to put on 3 services at different churches in the locality. We are thankful for this opportunity to go out and witness for our school and for our Lord and Saviour. Last week-end we were privileged to be along with Pastor Salt as he toured the Swift Current locality. When at Nordland, Stewart Valley, I was pleased to talk to Mr. Syd Olson, Mr. & Mrs. Howdeshell. The all wishes if I would send greetings to my parents.

The week-end of the 9<sup>th</sup> we plan to wind our way out to Alberta to the town of Camrose and engage in the practiced art of playing hockey. I'm sorry to say that we are probably in for a licking but am looking forward to it anyway.

All in all we have been kept quite busy, scholastically, socially and spiritually. I am looking forward to the summer holidays already and also to the day I hear from my "big" sister. Correspondence from all parts of the family would be welcome.

- you will be relieved to hear that my financial system has been working favorably for you. Love Dick
