Dear Uncle Gustav,

This is probably the very first time that I have written to you, I hope that it finds you in good spirits and peaceful in God.

It doesn't seem too long ago since I last saw you, but how time flies. Isn't life short - but then we have the assurance that one day we will meet our Maker and Redeemer - at last.

I remember when you were in the hospital the first time, how ~~we~~ students at the Bible School prayed for you. We are still praying for you here at home, may you have a deep inner joy that will overcome any fear that may try to creep in, may you have a peace that passeth all understanding and may your love for God complete your life in Christ Jesus.

Love,
Helen
