

Feb. 12. 1994

Dear Karen;

We hope your winter is going good. The last couple of weeks have been real cold here and we have been burning a lot of wood. When we talk to people in the store they say that the summer should be hot because the winter has been so cold. Lets hope their right. When summer is mentioned we think of our staff and wonder how they are getting along in school and their other activities.

Both Jim and I hope you will be coming back to the store this summer and being part of our team. If for some reason you won't be back would you please let us know so that we are able to arrange other staff.

Say HI! to your Mom and Dad for us. Hope to see you this summer.

Sincerely,

A handwritten signature in cursive script, appearing to read "Gail".

Jim and Gail.
