

This is a short history of Harold Bjellke since he first met me in the spring of 1950 at the Dainty Cakes Bakery in Edmonton.

One year later we were married on June 16th 1951

Harold was working as a presser at a Dry Cleaning plant on Jasper Ave & 114 St.

We lived in a small two room suite for 4 years and bought a basement lease house in Mayfield district while there we had two sons Dennis & Carl.

Harold started work at Trudeaus Cleaners after the other plant closed.

In 1958 we sold this house and bought a three bedroom home with a basement in Youngtown district

Two more children were added to our family (Dary & Sharon)

Harold was a good carpenter
he built a sunroom,
extra bedroom and a shower
room. He also built a garage,
carport & fence.

He left Trudens cleaners
for a better paying job at
cabinet making plant.
He was laid off after two years
then found a janitor's ^{job} at
Knochler Manufacturing which
he held until his passing
