

Opustedavik 29/12 1983.

Dear Ruth and Peder.

Thank you for your Christmas letter.

We were concerned to hear ~~fr~~ about your
"heart by-pass (3 1/2)" last year. We don't under-
stand exactly what that means, but conceive
that you have recovered from some ~~sort~~
disease of your heart. We wish that
your recovery will go on.

Anna-Greta and I are no longer persons
any longer. Anna-Greta went through an operation
for cancer several years ago. We have both the
joy of living and are glad to be able to help
ourselves as long as possible.

Our four children and nine grand-
children live in different places in the
country, but we often meet them several
times a year.

Now at Christmas we have met them
all in our home as you can see.

-There has been a lot kind with us for some

days. The difference is great between

the activity with the youth and that of

the old. But we enjoy the company and

are glad as long as we can receive them

in our houses.

There is - as you know - a different picture -

kept. We had a family meeting last year
in the house with my daughter, three and a half years (now

Shoshana) and I had you a picture of me

and my sister Greta and her aunt, my

little June.

We remember you with love from your

last several years ago and please write

to me. I hope you can find some

joy in hearing from me in old Sweden.

We wish a good New Year to you

With love
Sune & Astrid
