

Quetzalcoatl 9/12/84

Dear Ruth and Peter,

Thank you for your kind letter, which I

received a few days ago.

My and also your cousin, Joe Ritter, did some

genealogy about "Epikosteler" i.e. Savage, beginning

with Gulland (Jackson) Epikosteler, born 1/11/1842, died

13/1/1901 (our grandfather) and his wife, Anna Andrea

Gundacker - 17/6/1842 - 2/3/1922 (our grandmother).

If you wish, I will send you a copy of his list.

Your parents, you and your brothers and sisters and

their children are to be found on that list.

But he has no information about the time (print of)

when your parents left Sweden. If you want to see

whether Anders knew he able to give you that infor-

mation from the church registers, I am going to ask

him to find and send it to you. He has a good

practice in asking and finding such information.

June and I have been busy with genealogy

about "Meklenborgism" a couple of years. My part

of it has been collecting of photos from ancient times.

I have found some photos, which perhaps can be

of some interest to you. I have written on the back
the most of ~~my~~ what I know about what people
they represent.

My wife Anna-Greta and I are in tolerable good
health. Anna-Greta has sometimes trouble with
a headache, which doctors not yet ^{have} been able
to find the reason for. Before it has been found
out we feel a little uncertainty about it. However
we go skiing in winter and cycling in summer
and do not complain about our age.

Some of our children and grandchildren will
visit us this Christmas and new year, and we
are glad for that. Up to ~~less~~ now we have been
able to receive them in our and their old home.
Christmas-time is, as we know, the time when you firmly
feel affinity to your family.

Happy Christmas and a Good New Year we
wish to you and your family.

Anna-Greta oh Kjell.
