

Do you prefer letter written in Swedish or in
any other definite English?

Dear Cousin Ruth!

Short after I had written my last letter to you where I told you about what I have found out about your father and the background for his leaving Vilhelmina, Kjell sent me an old letter from your father to his brother Gullbrand. I think this letter might be of interest to you, so I send you a copy of it. You may know that Gullbrand was a cadet in the same company as your father. He died 26/2 1953.

I think that you will hear from brother Kjell in the near future. Perhaps he will send you the original letter.

However I was rather happy to read about what your father wrote in this letter. He obviously did not long for Vilhelmina and seemed to be very pleased
